Public Justice Center Selects Brown, Goldstein & Levy  
for a 2018 Outstanding Partner Award

On October 10, 2018, The Public Justice Center presented Brown, Goldstein & Levy with a 2018 Outstanding Partner award "for the generous support the firm has shared over the past many years."

The award states "We honor your leadership as a change-maker, for hosting the popular Justice for Breakfast series, and for your co-counsel expertise through our Litigation Partnership, including as co-counsel in *Smith v Westminster*, in which we represent a proposed class of thousands of tenants in Maryland against a landlord's alleged illegal fee churning scheme and *Rivera v. Mo's Fishman Exchange et al.*, in which we represent a group of restaurant workers to recover unpaid minimum and overtime wages from a regional restaurant chain with a history of failing to properly pay its employees. We are grateful for the people of BGL who serve as leadership volunteers, mentors, and colleagues in so many aspects of our work. Thank you."
